PENINSULA COIN CLUB

The Peninsula Coin Club of Newport News, Virginia, an aggressive numismatist group, feature a particular type of coin at each meeting. To maintain interest and assist the beginner in this group, auction sales are conducted periodically as a means of exchanging amongst themselves "hard to get" coins. **Robert A. Myers**, President, and **Lt. Colonel T. R. Gillette**, Langley AFB, the club auctioneer, eye with satisfaction a portion of the coins auctioned during the last meeting at the Newport News YMCA.

NATIONAL COIN WEEK

The week of May 6 - 12, 1957 will be celebrated as "National Coin Week" by many throughout the country. Museums, banks, stores, clubs and show places will be displaying various coin and currency collections. If you have a nice collection you're proud of now is the time to display it. Contact your local bank or business establishment for permission to set your display up. This is good publicity, for you and the management.

If you would like to see some rare and odd money, visit the Chase National Bank, Manhattan, N. Y. Its money museum, money of the world is large and fascinating. Also available is the Smithsonian Institute of N. Y. with many rare and unique items.

A trip to the Philadelphia M'nt in Pennsylvania would also be a treat to see how your money is made. Designated General Chairman of "National Coin Week" is Gene Nichols, P.O. Box 325, Balboa Island, California.

SPRING CONVENTIONS

Spring is the beginning of many Conventions throughout the country, many collectors and dealers will be attending at least one or more. If you have never attended one, do so this year. It is very interesting and enjoyable. Many dealers will have to travel days to display their bourse tables full of interesting, rare and valuable items. The last convention I was happy to attend was the N. Y. Metropol'tan at the Park Sheraton Hotel, W. 57th St., N. Y. One dealer, **Mr. Seaby of London, England** displayed on his table the very rare 1856 F.E. Cent in Copper. Dealers from the North, South, East and West were on hand buying and selling their scarcities. Stack's of N. Y. was having one of their successful Auctions at the time. **Mr. Stack's** displayed some rare gold valued over \$2500. each. In the display case room were many rare collections of currency, Mint Errors, Medals, decorations and coin sets. Usually the convention site is most convenient and various sights can be taken in while on visit.

RARE COINS

Many list the 1856 Flying Eagle Cent and other coins as rare, and have occasion to use the word rare loosely. This should be avoided. I advise collectors to purchase or read various reference numismatic books which are very helpful with informative items. Which can actually save you money in the purchasing of coins, through the knowledge derived from them. Sheldons Early Cents, Newcombs U.S. Copper Cents, Crosby Early Coins of America, U.S. Silver Dollars by Bolender, Friedbergs Currency, Criswell's Confederate series, Adams-Woodin pattern Books, any one of these should be of immense value for knowledge and reference.

Here is a table rating most used by all collectors and dealers. For specific ratings and notes check the various reference books. Scarce - Approx. 10,000 or more, or to denote low mintage. Very scarce - approx. 500 or more. Rare - approx. 300 or more. Very Rare - approx. 25 to 100 or more.

Extremely Rare - approx. 4 to 10 or more
Semi Unique - approx. 2 or 3
Unique - 1

Such scarce and most sought items such as 1909S VDB, 1914D, 1931S Lincoln cents, 1877, 1908S, 1909S cents, 1916D dimes, and other coins, were produced in hundreds of thousands. In the true numismatic sense mintages in excess of 1000 should not be classified as rare. The fact that these items are in constant demand and exceedingly increasing in price yearly, they can be accounted for by the rolls.

The hoarders, speculators, dealers, collectors and beginners constant accumulation of these scarce items reflect present market value. The amount of new collectors and investors of the coin hobby is at its highest level. Because of enjoyment and possibilities many more collectors will be added to the present in years to come.

PATTERN COINS

Pattern specimens are one of the most beautiful and interesting pieces to collect. Many interesting things can be told about a nation through its design, metal and engraver, only through congress can a design be changed, or acceptance of a new issue struck.

Most patterns are valuable and classed as rare, due to the fact few are struck. At least one pattern coin should be in every collection, all patterns are usually struck as proofs to acquire the best features of the design. A pattern is designed and struck with the utmost care to be studied for faults and improvement. Other pattern coins are known as Trial pieces and test specimens, these are found to have missing dates, inscriptions or other designs, they are also named such because they were struck in various metals other than intended by regular issue. Various metals used were gold, silver, brass, copper, aluminum, nickel, zinc, tin, only two known halves were struck in platinum.

As was the custom these patterns were given as presentations to government officials.

The above photo shows a few of the various designs, and metals which were the trials for our present day Silver dollars and Liberty V nickels. If you would like to add a few of these patterns or trial pieces to your collection inquire at your coin dealer or check different auction catalogues and ad displays.

The Adams-Woodin pattern reference book is a good guide as to rarity and value. Some of the largest stocks of patterns and reference books can be had from the following dealers: James Inc. of Ky.; Stack's of N. Y.; Michael Kolman of Federal Coin Ex., Ohio; Leo Young of Calif.; Kagan Bros. of Iowa; Kosoff of Calif.; Frank Katen of Washington, D.C.; Loser of Pa.; Criswell's of Fla.; BeBees of Nebr. and many others too numerous to list.

For better enjoyment of your hobby, add a few patterns to your collection.

(Dealers and collectors who wish to be billed please send references with ads. All advertising cuts to be furnished by advertisers or send cash amount to cover expense of having it made. Send articles, news items of interest for print, to the Editor.

Manufacturers supply and material prices will be honored. No cut-rate ads of same will be accepted in order to protect name brand company prices.

The most common abbreviations used in advertising are Prf.-proof, B.U.-Brilliant Uncirculated, UNC-uncirculated, V.F.-extra fine, A.U.-almost uncirculated, V.F.-very fine, F.V.G.-very good, G.-good, Fr.-fair, sc.-scarce, sm.-small, Lg.-large, br.-bright, brill.-brilliant, M.M.-mint mark, Pcs.-pieces, Abt.-about, p.-poor, scr.-scratch.

When writing for information to dealers or collectors, be kind enough to enclose a stamp for a response. It's been my pleasure to say practically all dealers and collectors are honest and fair. No trades are final until both parties are satisfied. On purchases it is customary to give at least a 3 day satisfactory refund.

GRADING STANDARD

PROOF-Coin, a mirror-like finish, especially struck for collectors on polished metal blanks and struck by slower hydraulic press to obtain best feature lines.

UNCIRCULATED-Made for general circulation when minted but never reaches circulation. Has a mint lustre, no scratches, rubbings or marks.

EXTRA FINE & A. U.-about same. Coin is about uncirculated; slightly worn on high points and may have some mint lustre.

you have corresponded with or dealt with will attend these conventions. This would be a good time to meet them personally. I plan to attend a few, as I travel very little. The A.N.A. convention of 1957 will be held at Philadelphia will most likely have my attendance as the distance is some 75 miles from Newark.

The Empire State Convention of Rochester, N. Y., May 10, 1957 is nearby and I hope to attend.

I would be happy to make your acquaintance should we meet.

Plan Now To Attend at least one convention.

V. FINE—Has been circulated but features and lettering are sharp.

FINE—Has all features and lettering but not sharp. Liberty is readable.

V. G.—Has border rims most features and lines visible. Part of Liberty visible.

GOOD—All features and lines worn but visible.

FAIR—Considerably worn.

POOR—Considerably worn smooth, or corroded, good only as space filler.

This grading is used only as a guide to help you and is a general medium used by all dealers and collectors in the Numismatic field.

POINTS TO LOOK FOR ON SOME POPULAR COINS.

1 CENT LINCOLN: The lines on wheat ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be sharp.

5 CENT LIBERTY: E Pluribus Unum is legible on coins graded good, clear on coins graded very good. One graded fine should have full liberty.

5 CENT BUFFALO: On a good coin edge of word Liberty may be slightly worn, but on one graded very good the word Liberty is clear and one-half of horn shows, a fine coin should have nearly a full horn, and coin classed as very fine has full horn and tail shows on hip.

10 CENT MERCURY: Watch lines on fasces, on coins classed very good some fasces lines show, a fine coin should have most all lines.

FOR BEGINNERS who are just starting to collect, here are a few suggestions and some advice. First, a coin guide book is a must. They can be purchased for \$1.00 or more for helpful information: on care, condition, value, amount minted, types, how coins are made, and other news helpful and interest. Most coins can be found in circulation. As you are making your set always try to improve the worn coins. Value of coins depends greatly on the condition. Never clean or polish coins unless you are experienced. If you must try, use a common date coin. There are handy cleaning kits available for this purpose. Coin insert folders and other supplies can be obtained at your dealer. You may also notice that the age of old coins do not make them rare. There are some late date coins minted that are worth more than some hundreds of years old. What makes one coin worth more than another are by these factors: Amount of coins minted, availability, collectors demand and any unusual die strikes. Coins can be obtained through purchases, by auctions or trading with collectors. Mint sets can be bought by writing the Treasury Dept., U. S. Office of Treasury, Washington 25, D. C., at face value, plus postage and handling. To obtain Proof Sets of current year send \$2.10 money order to Supt. Phila. Mint 16th and Spring Garden Streets, Philadelphia, Pa. You may order as many sets as you wish. Commemorative half dollars are authorized periodically by Congress. These halves when issued are not sold by the mints, they are turned over to a Commission authorized by Congress at face value. The Commission then sells the halves at a premium.

5 CENT BRILLIANT: The lines on wheat ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be sharp.

10 CENT MERCURY: Watch lines on fasces, on coins classed very good some fasces lines show, a fine coin should have most all lines.

25 CENT LIBERTY: The lines on wheat ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be sharp.

50 CENT LIBERTY: The lines on wheat ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be sharp.

100 CENT EAGLE: The lines on wheat ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be sharp.

200 CENT BISON: The lines on wheat ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be sharp.

500 CENT EAGLE: The lines on wheat ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be sharp.

1000 CENT EAGLE: The lines on wheat ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be sharp.

2000 CENT EAGLE: The lines on wheat ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be sharp.

5000 CENT EAGLE: The lines on wheat ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be sharp.

10000 CENT EAGLE: The lines on wheat ear are a good spot to look for wear. On a coin classed as very good most lines should be showing, on a coin graded fine they should be sharp.

This one is an oldy but a goody. Try it at your next club meeting.

Three men go to a hotel. Each one pays \$10 for a room, making a total of \$30. Later the manager decides he charged them too much and sends a bellboy back with \$5. The bellboy, thinking \$5 would be hard to split three ways and figuring no one would ever know, kept \$2 himself and refund each man \$1. Therefore, each of the three men paid \$9 making a total of \$27. The bellboy kept \$2 making the total \$29. What happened to the other dollar?

READERS' EXCHANGE

Dear Mr. Spadone,

I received your very interesting and informative paper the other day, and my students and I enjoyed it very much.

I have just started to interest myself in coins, because a few boys here at school were interested in getting a coin club in operation. At present I have about seventy-five boys with penny coin folders etc., and any information we receive on coins is very helpful.

Coin collecting is a time consuming hobby with many values. Where the boys would waste time because of no occupying interest or hobbies, finds them now in search of or trade with American coins. Coin collecting is acting as a helpful stimulant for them to keep busy and in the long run to stay out of trouble.

Enclosed is our money for a years subscription. We feel that even if only one reads it, it would be worth the investment.

Thanking you for the sample copy.

I remain,

Dear Frank,

Don't want to miss an issue so enclosed find \$5.00 for 3 years. It sure is a swell paper for coin collectors, new or old.

The glossy paper makes it better reading and can be bound for future references. Lots of success.

Dear Sir:

What a swell little paper. The first time I had the pleasure of reading it - and before long I will subscribe for it-I have made few contacts in your "For Sale or Trade" columns, with wonderful results. It's such a neat and easy to handle Journal. I pick it up most every time I sit down, and always find something new and interesting. I think it's so friendly when one has extra coins to trade for something you want badly that will help the other's need. Will be anxiously awaiting my April issue.

Sincerely,

Mrs. C. R. Frigitt

ART KAGIN (center) well known coin dealer from Iowa is a member of the "Heart of America Coin Club". He was greeted by Mr. and Mrs. Ray Janda (left) and President Ray Lefman (right) on arrival at airport.

At the club meeting ART addressed some 150 members and watch the presentation of Honorary Life Membership to the Chartered Buford Ellis, sec'y.

Dear Frank,

Something very interesting happened to me today, and I think that the readers will like to hear it.

I went to the grocery to buy some things that cost me \$1.97. I gave the proprietor two dollars and he gave me three cents in change. When I got home I examined the change for rarity. To my surprise I found a 1943 copper cent in the variety of three. At first I flipped and then realized that there were no 1943 copper cents minted.

I know that some people copper-plate these steel cents and sell them. Of course the cent was copper-plated, but how in the world did it get into circulation. Has anything like this ever happened to you?

Alan Pfeifer
1158 East 27th Street
Brooklyn, N. Y.

Editor's Note: Many non-collectors are misinformed with the idea that there were a few minted, and think that they are worth a great sum of money. Can you imagine if one of these people would have found it before Alan did?

NUMISMATIC FACTS

By Earl A. Mc Brayer

In early 18th Century Virginia it was the custom to pay the parsons in tobacco since there was a shortage of coined money. Since the value of tobacco fluctuated, so did the salaries of the clergy.

Before the United States Government stopped coining gold it had a machine which turned out twenty dollar gold pieces at the rate of 450 every minute! That amounts to three hundred and sixty thousand dollars worth in an hour. Here is a little problem for coin collectors: How many dollars worth would the machine produce if it ran steadily for 24 hours?

Did you know that the Chinese invented paper money? Evidences indicate that it was used in the 2nd Century A.D. A man named Ts'ai Lun first made paper in 105 A.D. Shortly thereafter paper money appeared.

Banks have been around for a long time in the Far East too. China had a system of banking before Rome defeated Carthage for the first time in the Third Century B.C. Furthermore the Chinese used gold as a basis for

Dear Sir:

I picked up a scale for gold coins in a collection that I bought about six months ago. I've received a couple different offers for it. Could our readers give me any idea what it might be worth. To begin, it is about nine inches in length. Written on it is "Pat. Pending J. A. Allender".

There are slots for 1-2 1/2-5-10-20 dollar gold pieces. When placing any of the pieces on the scale it balances itself. Any information would be deeply appreciated.

LONG SOUGHT SWINDLER CAUGHT

Robert H. Burnie, 40, of Texarkana, Texas, was sentenced to five three year prison terms to run concurrently on charges of using the mails to swindle coin collectors of \$35,000.

Sentencing was by Federal Judge Joe Sheehy.

Bernie was accused of national advertisements of his coin business and failing to deliver the coins after collectors sent him money.

HEART OF AMERICA NUMISMATIC ASS'N. - 253rd meeting, Steward Sand and Material Co., 4049 Pennsylvania, Kansas City, Mo., March 18, 1957. Ray Lefman, president, presiding; 151 members and guest present (new record); auction. Exhibits: John Fry-Jr. member, Type Set; Dudley Brown, Complete set of Liberty Standing 50¢ in BU condition; 30 BU 1909 SVDB; Set of Morgan Quarters in proof condition; Galen Whitt, Set of Washington Quarters in BU condition; Allison Lowe, Coins of the world displayed on a map of the country from which the coin came from. Dudley Brown gave the group a very interesting talk on coins. He told the group that the best investment in coins came from coins of high quality. He suggested that the 1931S cent uncirculated condition is a very fine investment.

At the April meeting Reverend Coole, an authority of Chinese money will be the main speaker.

FORT COLLINS COIN CLUB
OBSERVE
SECOND ANNIVERSARY

The Fort Collins Coin Club have observed their second anniversary by having a dinner meeting, Friday, April 5, 1957, at Larry's Coffee Shop, 249 So. College Ave., Fort Collins, Colo.

There were special door prizes for Junior, Ladies and Men, furnished by the Fort Collins Coin Club, individual members, and friends.

Mr. Earl S. Schoall of the United States Secret Service was the guest speaker with a very interesting and educational talk about "Forgery of checks and Detection of Counterfeiting". The auction was conducted by Dan Brown of Denver.

The officers of the Ft. Collins Coin Club for 1957 are E. G. Goss, President; W. P. Bohler, Vice President; Mrs. Fern Gall, Sec'y; and Don Pavel, Treasurer. The present membership is 65 adults and 20 Junior members.

NEWARK COIN CLUB MEETS

The seventh meeting of the Newark Coin Club was held Tuesday evening, April 9th at the Newark, N.J. Y.M.-Y.W.C.A. with twenty gentlemen, three ladies and one junior present. The meeting opened with the reading of the minutes. Election of officers was the next order of business and elected were, J. A. Brown, President; Joseph Walter, Sec'y; Matthew Romano, Treasurer; William Klein, Sarge.-At-Arms; George Wait and Ralph Ullrich as executive board members.

A motion was made and seconded to affiliate with the American Numismatic Association. New members were then introduced to the assembly. The drawing for the door prize was next on the agenda and Frank G. Spadone, your editor, won a mighty midget magnet with a forty lb. lift. J. A. Brown read an original article captioned, "Spurious Currency". There was an intermission to view the exhibits and the prize for the most original went to Philip Rosenbaum, well known West Bronxite who modestly sent the pair of old bronze bookends up for free drawing and they were in turn won by an admiring and lucky member C. L. Roome. The designation for the evening "Oddities", brought out quite a variety of misstruck and freak planchet coins, some in different metal than intended by the mint.

There was a pause for refreshments.

The auction had its usual quota of laughs and a number of items were available at bargain prices.

At the close of the meeting there was some trading and much conversation. Visitors are always welcome. Our next meeting is on May 14th, bring a friend.

James A. Brown, President

COLLECTOR'S CLUB
OF BOSTON

The Collector's Club of Boston held its 104th, (Eleventh Anniversary) meeting Tuesday April 9, 1957 at the Sheraton Plaza Hotel, Boston.

For those interested, we meet the second Tuesday of each month, except (July & August) and welcome visitors from other Clubs to visit with us.

Previous to the regular meeting we had 16 for dinner in the Town Room of the Hotel. This get-together is an opportunity for members and guests to meet the speaker for the meeting, and also get acquainted with other members and guests.

The meeting was opened by Louis G. Koutsos, Pres. at 8 p.m. with 46 members and guests in attendance.

The report of the Sect'y. and Treas. were read and approved.

Applications of (9) new members were read and elected by unanimous vote. Our Treas. Andy Scott then passed out numbers to all present for a drawing on 17 door prizes. These prizes were donated by Sect'y. Grace D. Lincoln, Pres. Louis G. Koutsos, Vice Pres. James E. Taylor, Maurice M. Gould, of Copley Coin Co., Joseph Lipson, of Bromfield Stamp & Coin Co. These were for "Free".

While Maurice M. Gould, Copley Coin Co. was giving a brief of the past activities of the Club, and introducing the past Presidents, tickets were being sold for a drawing on the following beautiful gifts. Our Sect'y. Grace D. Lincoln had made up a beautiful "Easter Basket" won by Manuel Lipson, an 1956 Proof Set won by Dick Gates, a U. S. Type Set 1¢ to 5¢ in Holder, won by Mrs. James E. Taylor, a large canned Canadian Ham, won by Mrs. Lipson, a large box of canned goods, won by James Hall.

This is one of the fastest growing Coin Clubs in Greater Boston. If you live in the greater Boston area, and do not belong to any Coin Club write to the undersigned for further information.

PACIFIC NORTHWEST CONV.

Advance interest in reservations for display space and bourse tables indicate a record attendance for the always interesting Pacific Northwest Numismatic Association convention in Portland, Oregon, on May 24-26.

As in past years, the bulk of attendance will be from Oregon and Washington, but Montana, Idaho, British Columbia and California will be well-represented. There is the possibility, also, of attendance from Hawaii and Alaska. In all, nearly 1400 notices to numismatists in the area have been mailed.

It has been announced that Leonel C. Panosh, president of the American Numismatic Ass'n. will be the main speaker at the annual banquet on Saturday night, May 25. Mr. Panosh, from San Diego, is a past president of the California State Numismatic Association.

Auction sessions, at 7 p.m. Friday, May 24, and at 1:30 p.m. Saturday, May 25, will be in charge of Leo A. Young. A long "brunch" and visiting period will close the convention on Sunday, May 26.

All meetings are to be in the Multnomah Hotel. Displays will be open to the general public.

Committeemen may be reached through headquarters at 423 S.W. Washington Street, Portland 4, Oregon. William N. Worth is general chairman. He says numismatists from all parts of the country will be most welcome at the Portland gathering.

Dudley L. McClure, Portl., Ore.

N. J. NUMISMATIC SOCIETY

The 279th meeting of the N. J. Numismatic Society was held on Thursday evening April 11 at the Military Park Hotel, Newark, N. J. President Arthur Mershon presided. The usual number were in attendance. The meetings designated were, "Civil War money and Tokens", brought out some reminiscence of this event. J. A. Brown had stacks of imitation counterfeit bills also the set sent out recently by the U.S. Treasury which clearly shows the cents and nickels are tarnished in transit by the paper wrapping. Arthur Mershon had sets of Alabama and North Carolina paper money, fractional currency from three to fifty cents and Civil War Tokens. James Ward had a fifty cent unc. octagon gold piece of 1853 with eagle, quite rare. Vincent F. Torhan had the new issue of the New India decimal coinage of 1957, 1, 2, 5, and 10 Naya Paise also the French West Africa new 5 Franc piece in bronze of 1956 and the Belgian Congo 1956 new 5 Franc in aluminum.

There was discussion as to how many young collectors would have their start through the campaign now current by the large candy manufacturers giving away coins with their products, perhaps a bellyache per coin.

James A. Brown, Sect'y.-Treas.

FOREIGN COINS — NEWS

Modern World Coins a first edition by R. S. Yeoman is now available at your dealers. Price \$4.00 per copy. It's in brown cover with gold letters, containing 512 pages of valuable, interesting information; listing over 400 different countries, states, republics and Isles. Also a listing of names of various denominations used of these countries. This is a very handy Foreign coin reference book for both the beginner and advanced collector. An excellent book which I recommend purchasing.

The above Cinco Centavos is of Mexico, made of bronze, B.U. and were offered reasonably in our past issues by Kay's of Box 3578, Amarillo, Texas. The above coin of Balboa, Republic of Panama, displays portrait of Balboa, famous explorer, and discoverer of the Pacific Ocean. It is struck in silver and is 50 centesimos, face value 50¢. 100 centesimos = 1 Balboa. Official Rate 1 Balboa = \$1.00. Catalogues for \$2.00 in Yeoman's First Edition, "Modern World Coins". This coin was acquired in an average foreign coin lot for something like 30¢ as mentioned in our previous issues. Foreign coins are the cheapest and most easily acquired. Many lots are available at your dealers for sale. Write our Advertising dealers and collectors in these pages for some, and mention this article. Even though foreign coins are not advertised by some dealers, they are in stock in large quantities. Write your editor if you have large quantities of foreign and odd coins you wish to sell, I am buying!
